## Weekly Update Letter

Dear Parents and Carers,

We hope that you are well and that you are keeping safe.

We are writing to keep you updated about any changes proposed for the re-opening of schools in September. At present, the plan to re-open our four schools remains on track and staff have been working hard to ensure that schools are ready to receive all of our children from early September (please refer to your own school's communication for exact arrangements). If there are any changes proposed by the Department for Education to schools opening, we will let you know.

In terms of your own holiday arrangements, please be aware that regulations around isolation on returning from some countries is currently changing. If you are returning from a country that requires you to isolate when arriving back in the UK this may affect your child's ability to return to school when they reopen in September. Please keep up to date with the latest advice through the GOV.UK website.

If you are staying local this summer, we are sure that you will be looking for activities to do with your children or for them to undertake by themselves in a supervised centre. We have attached a link to a Southwark and Lambeth summer brochure which might provide some additional ideas.
